

VACANCY: SENIOR DATA SCIENTIST (KYIV OFFICE)

French AI start-up PRESTE is looking for a **Senior Data Scientist (Kyiv office)**

Job Description

- **Mission overview:**

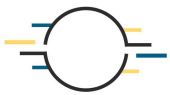

Our Senior Data Scientists implement data projects for various industries, in close interaction with our (Western) clients and engineering teams (ML/DL engineers, developers), requiring excellent business understanding and practical data skills.

- **Main activities:**

- **Modelization/Evaluation/Run:** Elaborate, test & validate business hypotheses in close coordination with the client needs
- **Data Preparation:** check data readiness, build data pipelines, clean and transform data, coordinate labelling (for ML/DL models), map data (Dataviz).
- **Data Owner:** represent the client's interests in internal meetings, accompany the client in his business decisions, incl. for data privacy restrictions (EU, UA)
- **Project Management:** coordinate interactions between data modelling (Data Science) and data engineering (ML/DL engineering, DevOps)
- **People Management:** Supervise Junior Data Scientists & make them grow

- **Key competencies:**

- **Must-have:**
 - Practical Experience in Data Science (Data/Risk/IT) $\geq$ 4 years.
 - Technical stack: Python DS ecosystem. Cloud integration (e.g. AWS)
 - Knowledge of main data-privacy regulations (EU, UA)
 - Open-mindedness & good communication skills
 - Languages: English (B2), Ukrainian (C2) & Russian (C2)
- **A definite plus:**
 - Experience in Health or Computer Vision Projects
 - Technical stack: ML/DL libraries (e.g. TF), ETL/ELT tools, Dataviz tools
 - Language: French (B2)

What we offer

- **Wide range of projects** in various industries (Health, Industry 4.0, and much more)
- **Tailored skill & career development** (incl. team management): you are a key member in a start-up
- **International work environment** (standards, managers and clients)
- **Work in Unit.City**, at the heart of Ukraine talent & technology pool

Start date:

- **January 2020** (preferably)

How to apply

Please highlight in English how you believe your profile can match our needs in a very short introduction (one paragraph) and a CV to be sent to jobs@preste.ai with email title: "Senior Data Scientist (Kyiv office)".

The recruitment process will follow 2 rounds of interviews: 1) shortlisting 2) final selection.

PRESTE in a nutshell:

- **Our activity:**
 - **PRESTE** is an Artificial Intelligence outsourcing company based in Paris and in Kyiv, with main business expertise in Banking, Health and Industry 4.0.
 - We provide AI technologies for industrial needs, such as: computer vision, NLP, classification, prediction, dynamic recommendations.
- **Our team:**
 - **PRESTE** team is French and Ukrainian.
 - We are not the "usual" outsourcing company: our added value lies in the quality of the skills and projects we manage, not in their quantity.
 - We are a start-up (2019): our team is still small (<5 permanent) but rapidly growing. We have ambitious plans and the heart to achieve them!
